Our Vision & Mission Statement

Halton Women's Place is a gateway to safety, support, and a future free from abuse for women and their children. We provide shelter, vital resources, and violence prevention education to help build lives beyond abuse.

The Butterfly Gala
From Surviving to Soaring

This year, we chose the butterfly intentionally.

A butterfly doesn't simply change. It surrenders everything it was, dissolves inside the chrysalis, and rebuilds itself from within. That is transformation. That is what we witness every day at Halton Women's Place.

The Butterfly Gala, From Surviving to Soaring, celebrates the women and children who had the courage to enter the chrysalis of healing and transformation, and the community that held it steady while they emerged stronger and ready to soar.

Each year, our fundraising gala brings together over 400 community members for an elegant evening of impact. **The Butterfly Gala** features a four-course dinner, live and silent auctions, and exciting entertainment.

OUR IMPACT

2024/2025

185 Total individuals served in shelter (103 women, 82 children)

1,167 Total calls to our crisis, information and support lines

213 Women and children served in Transitional Support Program

"Coming here rebuilt us. They supported us, and it became like family. To have women rally around you and really, literally hold you, and hold space for you... and to validate your emotions, validate the pain, and to say that we are unconditionally by your side... we support you, we hear you, and also, we believe you."

How You Can Help Lead Change

Transformation doesn't happen alone.

Every woman and child deserves the opportunity to heal, rebuild, and thrive. By sponsoring the Butterfly Gala, you become part of the community that helps make that transformation possible.

Your investment supports life-changing programs and services while demonstrating your organization's commitment to safety, dignity, and hope.

Together, we can help more women and children find the support they need to emerge stronger and ready to soar.

You are part of the movement.
You are part of the solution.

Why Your Support Is Urgent

Domestic violence is a crisis that too often stays silent.

Every 48 hours, a woman or girl is killed in Canada. In Ontario alone, there were **59 femicides** last year and the pace is accelerating.

3,491 women and their **2,724 children** sleep in shelters on any given night in Canada. **About 300 are turned away.**

"I will be forever grateful for every single staff member that had a hand in making me whole again. These women are silent heroes they hear the worst stories imaginable and they never once place judgement or make you feel less than. Thank you from the bottom of my heart, you all have had a part in making sure I have the brightest future possible."
